AUSTIN, TEXAS

## Why buy from Bass Emporium?

Because where you buy is as important as what you buy. Bass Emporium offers the highest level of customer service and great pricing on the best selection of instruments.

## Customer Service

Whether you're a long-time professional or just starting out, bass players are a unique breed, and it takes one to know one. We know all about the quest for perfect tone, and how important that is to you. When you shop at Bass Emporium, you get a level of knowledge and expertise that you simply won't find at a guitar store. And, we love to help our customers find the right instrument or the ultimate amplifier to bring their dreams to life.

## We Know Basses

Ever go to a music store looking for a bass only to be "helped" by someone that has no clue? We know basses. No matter what kind of musical situation you're in, we know what you need to get the job done and sound your best. As long-time bassists ourselves, we've gigged with lots of different gear, and we get to sit around the shop and play all the cool instruments that pass through our doors. We know basses!

## We Love Basses

Bass Emporium is a "full-line" music store—we have basses, basses and... more basses. What else is there?

Oh yeah, bass amps, bass accessories, books, strings—let's face it; we're obsessed with all things bass. At Bass Emporium, we're not distracted with other instruments, and you'll never have to compete with Johnny Guitar in the next aisle trying to play "Stairway." So, come on in—we offer a bass-friendly environment.

We Have the Best Stuff

## You'll Love Our Prices

Bass Emporium is an independently owned shop, and our efficient business practices allow us to offer pricing competitive with online and big chain stores, often beating them. It's doubtful you'll find lower prices on strings anywhere! If you find a great deal somewhere else, give us a call and we will do our best to help you stretch your music dollars by offering you our very best deal!

## Free Setup

Each bass we sell comes with a professional 15-point set up, and we offer a \$30 discount on each additional set-up for as long as you own that bass (more extensive repair work is also available). We make sure every bass we put up on the rack is playing its best, so you can tell how it really sounds and feels.

We have the best gear available in any price range: whether you're looking for your first bass, or your fiftieth, for a trusty workhorse or a work of art. We have amps that are perfect for practicing in your bedroom, all the way to rigs that will pin the audience to the back wall of a concert venue. We choose the product lines we carry based on tone, reliability, and value. And because we love consignments, we also offer a great selection of used gear too.

## We Love Our Customers

We enjoy getting to know our customers; many of them have shopped at Bass Emporium for years. Have a dream bass? We love special orders and keep a "want list" for our customers who are trying to find the impossible. We like "talking bass" as much as you do, so stop in, give us a call, or email your questions—we're happy to be of help in any way we can.

## And More

We offer private instruction in upright and electric bass, and host in-store clinics with some of the top names in the bass world. Our website ([www.basemporium.com](http://www.basemporium.com)) is updated daily with pictures, and descriptions of what is available, we have online resources like product manuals (even for items we don't carry), product reviews with sound files, free lessons and giveaways in our monthly newsletter—subscribe today!
